Following the 2013 Flood, a wide variety of Boulder County residents and organizations from all sectors of the county have come together to form the LTFRG. In addition to identifying and addressing individual unmet needs, the LTFRG has learned from other communities hard hit by disaster the importance of engaging all parts of the community about how to rebuild stronger and better. BoCo Strong was formed to champion community engagement and build community resilience.

The BoCo Strong calendar will include all the flood commemoration events that are being planned across the county. Please share your events. The BoCo Strong website will also share any and all photos, videos and stories.

Visit www.BoCoStrong.org to get updates and see the calendar. Submit your events to bocostrong@gmail.com.
